The Dr. Jeanne L. Noble Delta GEMS was created as an expansion of the Dr. Betty Shabazz Delta Academy to encompass at-risk, adolescent girls aged 14-18. The Delta GEMS framework is composed of five major components (Scholarship, Sisterhood, Show Me the Money, Service, and Infinitely Complete), forming a road map for college and career planning.

The goals for Delta GEMS are:

- To instill the need to excel academically
- To provide tools that enable teenage girls to sharpen and enhance their skills to achieve high levels of academic success
- To assist teenage girls in proper goal setting and planning for their future high school and beyond
- To create compassionate, caring, and community minded young women by actively involving them in service, learning, and community service opportunities

Presently, Delta GEMS meets every 3rd Saturday of each month at California State University Dominguez Hills in Carson, CA.
