The Women Helping Women Committee works very closely with His Sheltering Arms, a substance abuse treatment center that focuses on women and mothers. LASB has a long history of participation with this organization and its participants. Each year, the chapter hosts various programs at the center, including but not limited to, a poetry writing workshop, a Black History program, and serving Thanksgiving and Christmas dinner. Over the years, LASB has also donated toys, books, personal goods, and monetary gifts to the women and children at His Sheltering Arms.
